Driver Permits VBP494 – Register now!

The Driver Permits VBP494 short course is a supported driver education program designed to provide you with the knowledge and skills required for you to obtain your car learners permit (L's).

There are no pre-requisites for this short course however, to get your L's you must be at least 16 years of age. To get your L's you will also need to pass an eyesight test and a multiple choice theory test on road law which is computer based.

Classes are small so more time can be spent supporting you to get your L's. You will receive a copy of VicRoads "Road to Solo Driving" handbook and have access to practice licence tests to familiarise yourself with the structure and layout of the computer based tests.

The course also includes a basic introduction to Internet usage to assist you with this. The course trainer will make all VicRoads Learner permit test bookings and accompany each student to the test.

This short course is delivered in a classroom environment. Assessment will take place throughout the program and will include the completion of classroom activities and online assessments.

You will benefit from this short course if you are intending to take your Learners Permit test within the next three months. This short course will assist you understand your needs as they apply to the learners permit license requirements and assist you prepare for the learners permit text.
